Community Well Being	Tuesday 26 <sup>th</sup> February – Day Care Centre
Traffic and Transport	Wednesday 27 <sup>th</sup> February- Passmore Edwards
Delivery Team	Wednesday 12 <sup>th</sup> March – Passmore Edwards Inst.

**LOGO.** (As above, left). Our thanks to Martin Nixon of Nixon Design for creating a new logo/image/brand for the town. We believe it provides variety and interest and is fresh, bright and up to date! Its application will be controlled but if you would like to investigate ways of using it just contact the office.

**Wave Hub.** A very interesting meeting promoted by the Business and Enterprise group brought the SWRDA to the town to explain the impact and progress of the Wave Hub project. It is a huge investment but hopefully will provide further investment and jobs to the area.

**Plan Manager.** Soon to be advertised nationally, this post will provide further professional support to the work of the Delivery Groups, help put the Plan in place and be a resource to assist the improvement of our community.

**Hayle Area Action Plan.** Another plan! This is an important document, prepared by Penwith District Council as part of their Local Development Framework and is a planning policy document establishing the guidelines for the future development of Hayle. It is out for public ‘consultation’ and all the Delivery Groups will be spending time discussing it. This is your chance to influence future council policy – please get involved. Copies are available from Penwith District Council, or the Plan Partnership office.

**Transport.** The Traffic and Transport Group are looking at ‘Bus and train provision – make your view felt by going to their next meeting or through the office.

**Harbour Plans** Once these have been published each delivery group will have the opportunity to respond so that the Planning authority are clear of your views. Keep checking the agendas so as not to miss this opportunity.

**Tourism** Discussions are now taking place about re-starting a delivery group to deal with this topic. Interested? Think this would be worthwhile? Have ideas about how we should be promoting tourism – contact the office.

**Parishes.** Our plan covers Hayle and the Parishes of Gwinear/Gwithian and St Erth. We are keen to get more involvement from the Parishes – are there specific topics which affect them? How do we get more people involved? Do the parishes know about the Partnership?
